

FORGE & FOUNDRY

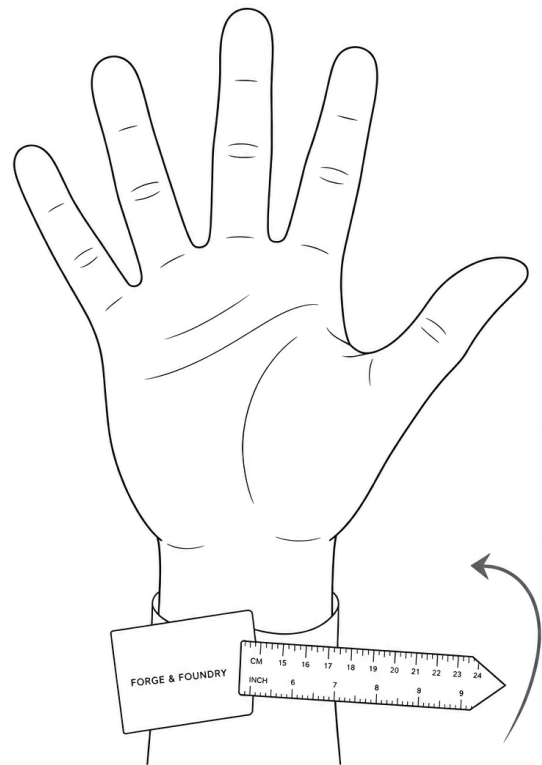

Standard bank card size

Width: 85.60 mm
Height: 53.98 mm

To ensure accurate sizing, place a standard bank card against the calibration square above.

If the card matches the width exactly, your sizing guide has printed at 100% scale.

MEASURING YOUR WRIST

After having cut out the sizer, slide the arrow-shaped end of the sizer through the “wrist size” slit. Make sure you measure it skin tight and note the measurements closest to the slit.
